16.   Strength and Weaknesses of the University

16.1	Strengths of the University	- The sponsoring trust, Charotar Arogya Mandal, has experience of more than five decades in the field of Education, Health care, Research and Public health. - Because of the location of the university campus, we are able to serve diversity of patients from the rural areas. - Qualified, experienced, passionate and dedicated teaching faculty members from across India. - Robust governance system in each constituent college and teaching hospital. - The Bhaikaka University manages Shree Krishna Hospital (SKH) and Medical Research Center which is a 1000+ bedded, NABH accredited, multi-specialty tertiary care hospital including super-specialty centers in the campus which gives state of the art exposure and experiential learning to all the students and researchers of the

		university.
		- The superspeciality centres include a Cancer Centre, Cardiac Centre, Critical Care Centre and Bone Marrow Transplant Centre providing comprehensive care to patients.
		- The exemplary services of the Shree Krishna Hospital in the area of healthcare has received local, regional and National level awards from the Government and Non-Government Organizations in the recent past.
		- Community extension is one of our key initiatives to ensure that quality medical care can be made accessible to the last person in the last village.
		- The Community Medicine Department of Pramukhswami Medical College runs 3 peripheral centres to cater to the healthcare needs of the interior parts of the district and surrounding districts.
		- SPARSH programme is an innovative programme which is implemented in 150 villages of Anand, Kheda and Panchmahal (a Tribal District) Districts.
		- This program has been successful in development of the conceptual model of care, undertake the village level enumeration to identify beneficiaries, select and train village level health workers in NCD care, develop treatment protocols and health education materials, and provide individualised health care to NCD patients at village level through health camps, Telemedicine units.
		- The Pramukhswami Medical College is the Nodal centre of the National Medical Commission(NMC) for training of faculty members of identified colleges from four different states, in the area of medical education technology and the centre was awarded as the best performing centre by NMC in the past.
		- Research has been given importance since the initial years of the sponsoring trust. Even undergraduate students are given the opportunity to do research.
		- The availably of appropriate infrastructure and clinical material in the form of patients, diagnostic and treatment facilities, wide exposure to community health and encouragement & support for research to faculty, staff members, and students of all Courses get rich experience in their respective programmes.
		- The hospital is the early adopter of indigenously made software for HIMS.
		- There are strong mentorship programs with excellent support for students.

		The university has its Strong Alumni Connect in India and abroad.
		• The university has its Strong Alumni Connect in India and abroad. • The university has substantial MoUs with reputed organizations in India and abroad. Some of which like UMASS, USA have yieled financial and research benefits to the faculty and student. • The annual fund raising events are organized by the university. The profit earned by the events are utilized to help the poor patients. • Various Health Schemes are offered to the employees, students and society. • Full-fledged modern Library equipped with good numbers of reference books, research journals and other resources. It has spacious reading room.
16.2	Weaknesses of the University	• Currently, the academic programmes offered by the University, are mainly from the field of health sciences. The university shall have to develop other programmes in the allied fields for expansion and development in the future. • Mobilising financial resources to meet with the necessary expenses of the university seems to be another challenge, as fees for most of our professional courses are regulated by the State Fee Regulatory Committee. • While the location of the university has allowed for diversity and large experience in both patient numbers and medical cases it poses a challenge for recruitment of qualified, experienced and stable fulltime and visiting Faculty.
